The class of nineteen ninety-eight would like to dedicate this yearbook to our class advisors, Mrs. LaPaige and Mr. Oulette. They have stood well through our trials, such as fund-raisers, class meetings and all class trips. They have dedicated their time and also worn out their patience on us. For this we THANK YOU!!! We would like to also wish you both luck with your next class. And to Mr. and Mrs. LaPaige best wishes to you both and the baby.

S.A.D.D.A.D.

This years Drunk Driving prevention program presented by the Charlton Police, Fire and Rescue team and many volunteers from area hospitals and professional service groups teamed up with the SADADD and student government groups at Bay Path to stage one of the most realistic looking alcohol related accidents ever presented to the student body. This demonstration sums up the message the SADDAD group is trying to spread to their classmates. The seriousness of the effects of alcohol and drugs is not always recognized. The SADDAD group hopes to change that. Thanks for all your efforts!

SUPERINTENDENT'S MESSAGE

Message from the Superintendent Director

On behalf of the Faculty, Administration, and School Committee, congratulations on completing your High School years at Bay Path Regional Vocational Technical High School. The education you received should serve you well in the future. Please remember, there is no substitute for hard work and dedication. Your future success will depend on your willingness to apply all that you have learned.

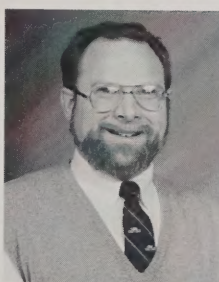

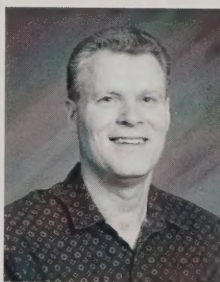

Although most of you have been at Bay Path for four years, please do not consider this short time as your last years spent in formal education. Many of you must realize you have an abundance of talent which could be further developed to maximize your full potential. Consider continuing in education beyond Bay Path on a full or part time basis at a local community college or four year institution.

As a vocational graduate you have the best of two worlds, a vocational skill and an academic diploma which will enable you to grow within your vocational area or profession. Society will depend upon your skill as a vocational technical graduate. Participate in community activities and take an active role in society.

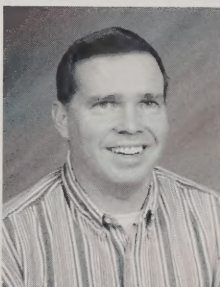

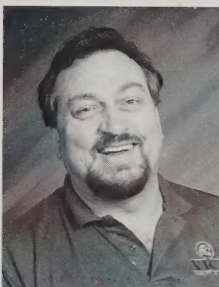

Once again, congratulations and best wishes for future success!

SPORTS

GO TEAM!

The 1997-1998 football team finished the year with a record of 5-6. The character displayed by the team after the adversity and personal loss was a reflection of the dedication and hard work from all the players and coaches. The team had 4 shut outs in a row. This tied the school record. Each player in his own way was a champion.

The varsity team was led by seniors Heath Fournier, Chad Ford, Deerek Rodriguez and Carlos Garcia.
